

Port Marine

- Port Marine is the first lantern in this popular style to incorporate high efficiency road lighting and car park optics. It is also designed to local authority standards and is fully adoptable. Available with or without top hoop and with or without dummy louvre.
- The only classic wide-brim, tubular lantern designed specifically for street-lighting
- Various optics/reflector options to reduce light pollution and skyglow, while providing a variety of distributions appropriate to most applications
- Ease of maintenance with no-tool access and ¼ turn sealed lamp holder design
- Post top mounting
- IP66 optical compartment

Technical info

Materials	Body: Spun aluminium canopy with cast aluminium LM8 base Glazing: Double UV stable polycarbonate, Acrylic optional
Ingress Protection	IP66 optical compartment IP44 gear compartment
Finishes	Polyester powdercoat to any BS / RAL colours Stoving acrylic painted to any BS / RAL colours
Optics	Asymmetric Streetlighting Optic Symmetrical louvre stack Symmetrical or asymmetrical refractor system
Gear	Upto 70W SONT Upto 70W MH Upto 70W Ceramic Metal Halide Compact Fluorescent
Fixings	Stainless Steel
Recommended Height	4m - 6m
Mounting	Post Top
Mounting Details	Dia 78mm spigot
Maintenance	Hinged canopy to gain access to gear and lamp. Lamp change via 1/4 turn lampholder. No tools required
Weight	19kg's dependant on gear Call for specific details
Photo Cell	Miniature PEC Nema socket
